Bio-Medical Waste Management

Bio-medical Waste (Management & Handling) Rules, 1998 were notified by the Ministry of Environment, Forest and Climate Change under the Environment (Protection) Act, 1986. In exercise of the powers conferred by Section 6, 8 and 10 of the Environment (Protection) Act, 1986 (29 of 1986), and in supersession of the Bio-Medical Waste (Management & Handling) Rules, 1998 and further amendments made thereof, the Central Government vide G.S.R. 300 dated 30 March, 2016 published the Bio-medical Waste Management Rules, 2016. These rules apply to all persons who collect, receive, store, transport, treat, dispose, or handle bio medical waste in any form including household waste, homes, clinics, dispensaries, veterinary institutions, animal houses, pathological laboratories, blood banks, hospitals, clinical establishments, research or educational institutions, health camps, medical or surgical camps, vaccination camps, blood donation camps, first aid rooms of schools, forensic laboratories and research laboratories. The prescribed authority for enforcement of the provisions of these rules in respect of all the health care establishments located in any State/Union Territory is the respective State Pollution Control Board (SPCB)/ Pollution Control Committee (PCC) and in case of health care establishments of the Armed Forces under the Ministry of Defence shall be the Director General, Armed Forces Medical Services (DGAFMS). These rules stipulate duties of the Occupier or Operator of a Common Bio-medical Waste Treatment Facility as well as the identified authorities. According to these rules, the occupier or operator handling bio-medical waste, irrespective of the quantity is required to obtain authorization from the respective prescribed authority i.e. State Pollution Control Board and Pollution Control Committee, as the case may be. These rules consist of four schedules and five forms.
